Intermediate Division – 9 – 13 years as of January 1 of the current year

Senior Division – 14 years and older as of January 1 of the current year

AWARDS: Certificates and medals will be awarded in the intermediate and senior divisions. The top 3 individuals and the top place team members will receive medals. The top 10 individuals in each area will receive a certificate. The top 3 teams are identified and presented certificates. Medals and certificates will be sent to your home county at a later date.

Junior Division - 7-8 year olds will participate in each contest area as a "Learning Experience". No awards will be given. Instead, each Junior participant will receive a 4-H incentive at each area judged.

Results will be posted to <http://www.ellis.k-state.edu/4-h/northwest-judging.html> as soon as they are received from the various committees.

HAYS JUDGING CONTEST ELIGIBILITY REQUIREMENTS: Any current member of a 4-H club and/or FFA Chapter is eligible to take part.

JUDGING TEAMS: A county, district or chapter may enter one or more three/four member teams in all judging contest areas. **Present team member names at registration. If teams are not identified at registration, no team scores will be calculated.** The top three scores will be used to determine team score.

Team members must be from the same county, unless on a district team.

LIVESTOCK: (Tressie Mitzner and Emma Collins, Co-Chairs)

This judging contest is designed to teach youth how to analyze market and breeding beef, goats, sheep, and swine and measure them against a standard that is commonly accepted as ideal. There will be six classes, two classes of beef and swine, 1 sheep and 1 goat class. Juniors will not give reasons but will have one questions class. Intermediate will give one set of oral reasons and seniors will give two sets of oral reasons.

Contestants should dress appropriately for the weather of the day. The Pavilion is not insulated and there is no furnace. Each contestant should come equipped with pencils and a note pad for taking notes. Contest type demonstrations will be given starting at 1:00 p.m. Contest instructions begin at 1:30 p.m. Officials will give placings and talk the classes at the end of the contest.

HORTICULTURE: (Holly Dickman, Chair – Ellis Co. Master Gardeners)

The Horticulture Contest will consist of three or four judging classes selected from the following categories: vegetables, fruits or nuts, flowers or ornamentals. The identification portion of the contest will include 15 samples to identify for the junior division, and 50 samples for the Intermediate and Senior divisions. The identification scorecard is enclosed which shows the possible specimens that could be included in the contest. We will NOT have the test portion of the contest that is used at the KS State Fair.

LIFESKILLS: (Anna Muir, Chair)

Judging classes will be chosen from the following topics: clothing & textiles, family and consumer issues, foods and nutrition, health & safety, human development, housing & equipment, interior design and environmental issues.

Contestants in the junior division will judge four (4) classes, the Intermediate division will judge six (6) classes and the senior division will judge six (6) classes. Classes will be designed for the specific age groups.

PHOTOGRAPHY: (Christy Befort, Chair)

The Photography Contest will consist of six (6) classes of photos, a written test, and a problem class. Juniors will only judge the photos. Test questions will come from the 4-H CCS Curriculum, the 4-H Guide to Digital Photography, the National Geographic Ultimate Field Guide to Photography (2009 edition) and other photography reference materials.

CROPS: (Stacy Campbell - Chair)

The contest will consist of identification of plants and samples and the classification of the samples as crops, noxious weeds or common weeds. The Junior division will only identify 15 plants. Intermediate division will identify 25 plants/samples and analyze one seed sample, identifying and classifying the contaminants. In addition to the identification, senior division will analyze two seed samples and identify and classify the contaminants.

ENTOMOLOGY: (Candice Fitch-Deitz, Chair)

The judging contest is designed to help youth learn how to properly identify Kansas insects. Each division will identify 30 different insect specimens.

If you have questions concerning this event, you may contact Deryl Waldren, NW Area 4-H Specialist or your local Extension Office. This information is also available on-line at www.ellis.ksu.edu
